Dear All

Dear DDE / DIO

We are receiving many calls from tahsils directly. These calls include questions related to domain also. Our technical team is not authorized to guide on domain subjects and they could even misguide due to lack of domain knowledge. All are requested to contact Technical Help Desk only on matters related to software functioning, installation and operational usage of software. All domain related matters may please be referred to the District Domain Expert (DDE) and may be escalated by DDE to NLRMP Cell, Office of SC & DLR Pune for guidance.

This mail may please be circulated to all Tahsils by respective DDE/DIO on priority basis.

Further, the Technical Help Desk available for Software related queries is given below. First level interaction with DIO on technical issues may be done prior to calling Help Desk. All are also requested to first write mail to emojni@gmail.com and mention in subject

District – Tahsil – Module Name – Contact Person – Mobile Number -Short Description of Problem

for example

“Satara – Wai – Data Correction – Ramesh P Jadhav – 9231191123 - Ahwal 3 is not getting nirank”

So that the issues will be addressed by concerned person fastly. We shall then talk to concerned person as per work on hand as there are only 1-2 persons per module.
